Dear Friends,

There are a number of repairs and improvements being made at both parishes this summer.

Right now at Annunciation the roof of the old school building, as well as the roof over the main entrance to the school in the front parking lot, are being replaced. You may remember a couple of years ago we had replaced the roof of the new school building and gym as well. We have been able to replace both of these roofs without having to ask for additional funds thanks to the generosity of so many of you back in 2017 when the Archdiocese held the Beyond Sunday Campaign. Again, if you remember, that campaign returned to each parish 40% of what was raised by its parishioners. For the campaign, we had announced that the funds raised would be earmarked for future capital projects such as replacing our roofs. So, this is why we were able to replace them without having to have a capital campaign. I want to acknowledge the wisdom of our finance council and facility committee who worked with me, Barb Koch, and Chris Lowe to strategically plan for these projects that are happening now. Also, through the energetic efforts of our Beyond Sunday Campaign committee back in 2017, Annunciation went over and above the target goal which resulted in us receiving nearly 400k for the parish in return. It's important to remember the generosity and good stewardship of you, our parishioners. Thank you!

At the end of July the gym floor at Annunciation will be replaced. This has been in the works since before Covid 2020. As a result of the pandemic, we did not replace the floor in 2020 as originally planned. We waited to do this work until now because it afforded us the use of our gym as a large classroom when distance between individuals was required. The funds to replace the gym floor come from a combination of the monies raised at two of our Mardi Gras fundraisers and funds raised by the Athletic Association over a few years. While very few of us will get to visually appreciate our new roof, all of us will have an opportunity come September to see the brand new gym floor!

At Our Lady of Providence we have completed the installation of an electronic key system for all of our facilities. This new system will assist us in providing more reliable security now and into the future. This investment has been funded by our school, Holy Cross Academy, and through a grant received for security. Also, during the summer, our facility committee will be replacing some of the floors in the rectory. This project is part of the overall plan to update some of our facilities at Our Lady of Providence to make them fully accessible. This project and others are funded by a special grant given to us by the Archbishop through the ACA to cover the costs that come with adapting our facilities, making them accessible for me. Through the generous service, stewardship, and labor by so many of our parishioners, the overall costs for these projects have been kept low and affordable. Thank you!

There are other projects that are taking place and are being planned for the near future, but I wanted to share with you the news about some of these "big ticket" items that improve our facilities, and that otherwise may go unnoticed. There are so many individuals to thank at both parishes, but in particular I want to thank the members of the finance councils and facility committees of both parishes who have helped make these projects a reality this summer. We are blessed to have so many generous, hard-working, parishioners a part of our communities!

Gratefully your pastor, **Father Mike**
